

& MARTIN PROUENCHEUR

THE AMPERSAND CONFERENCE

CTO AT **SHARETHEBUS**

Sharethebus removes all of the friction involved in bringing a group of people to an event or experience. Our web app makes it easy to organize, book, join and enjoy bus trips: we believe organizing group travel should be just as easy and fun as the trip itself. Founded by travel industry veterans and built with startup hustle, we get you where you want to go, with people you love, while having a blast.
